

Morning Minimum Wage

May 8, 2014

Highlights from the Committee on Education and the Workforce Democrats' eForum on the need to raise the national minimum wage

"I spent a lifetime raising a family on minimum wage. Watching my son crying because he was still hungry. He didn't want his big sister's share. He cried because she would still be hungry. Try having the only meal your kids have is one can of Campbell's between them. For the day."
